Common environmental problems

Drought

Deforestation

Climate change

Melting ice caps

Global warming

What can people do to save the environment?

Reduce waste

Recycle

Reuse

**Save water**

What can people do to save the environment?

Avoid using
disposable plastic utensils

Buy only what you need

Buy second-hand goods

Save electricity

Advise others to take actions to save the environment

When we advise people to something, we can use 'Why don't you / we …?' or 'Why not …?'.

Use 'in order to' or 'so as to' to introduce a purpose

1. Why don't we save electricity in order to protect our earth?

2. Why not buy only what we need so as to reduce waste?

3. Why don't you avoid using disposable plastic utensils so as to save the oceans?

Let's save our planet together!
